

• how to input?
 ↳ stuck
 • what is
 ↳ ie. if
 enemy
 other
 ↳ i h
 and h

OR

proceed new hallway → open door → find \$7000
 gold → new hallway → left (a thief who takes \$500
 (to exit) → right exit (before you can
 exit)

→ or swim fast away or peric
↳ survive ↳ death

start

you walk up to the beach
with your beach bag + towel

decision #1

lay on towel

decision #2

lay on beach
chair

decision #3

put on sunscreen
(later, later...)

OR

decision #5

put on sunscreen

decision #4

put on sunglasses

if puts on ~~just~~ no burn
it doesn't ends up burned
↳ should i put a warning?

you have a risk of getting
sunburnt

DATUM/DATE Jan 18 2025

IDEA 2:

a merchant interaction?
maybe a journey through the forest to reach
a merchant? a wizard?

IDEA 3:

adopting a ~~dog~~ cat from a shelter?

start - get player name - how much \$ do they
have? - take player to cat 1, 2, or 3 - cat
adoption fee is \$40.39.99, cat #3 is \$19.99 -

for cat's 1 or 2

choose cat - deducting \$ from what they have -
print out how much \$ they have left - else?
don't have enough \$:(

IDEA 4:

navigating through "castle" or "building" to
pass by enemies to get to treasure chest or gold

with shield?

start - choose sword or axe - ~~left door~~ walk
down hall - left or right door (behind left
an enemy that and behind right safe) - left door
enemy you can fight if you get hit you lose 1/4
health? it takes ~~two~~ 2 hits to kill them - next
hallway has room 1 or 2 - enemy behind left door -
left right

some damage stats? - next hallway treasure chest -
open it - obtain TREASURE!!!

DATUM/DATE Jan 14th 2025

GAME DEVELOPMENT FOUNDATIONS:

- first assignment is due next class
- writing out your intentions
- laying out major steps
- diagram sequence of events
- ~~try~~ trying implementing and reflect
- pseudocode
 - ↳ pong as an example

1. player shows up

IDEAS FOR ASSIGNMENT 1: INTERACTIVE TERMINAL PROJECT:

IDEA 1:

- player goes to the beach to go swimming but gets attacked by a shark? (might be too complicated)
- arrives at beach
- chooses beach chair or towel in sand
- puts on sunscreen + puts on sunglasses
- eats sandwich or eat chips
- lays around
- turns on spotify
 - ↳ rock or pop - choose songs
- sings along regardless of genre - insert lyrics
- applies sunscreen again
 - ↳ if not gets sunburned
- go for a swim?
 - ↳ wade or go out
 - ↳ relax or shark attack LMAO
- shark attack → swim left or right? left safe? right eat?
